Graduate Software Engineer

Professional Summary

Final-year Master of Computer Applications (MCA) student with a 9.4 CGPA and a strong foundation in distributed systems and full-stack development. Industry-ready candidate with hands-on experience in cloud infrastructure and enterprise-level Java programming. Proven ability to optimize application performance and deliver scalable software solutions in fast-paced environments.

Technical Skills

- Java (Spring Boot, Hibernate)
- Python (Django, Flask)
- C++ Data Structures
- React.js & TypeScript
- Node.js & Express
- RESTful API Development
- AWS Cloud (EC2, S3, RDS)
- PostgreSQL & MongoDB
- Git, Docker & CI/CD

Projects

Cloud-Based Inventory Microservice | Academic Project

Jan 2026 - May 2026

- Engineered a distributed inventory system using Spring Boot and Kafka, managing real-time data sync for over 10,000 product SKUs.
- Implemented Redis caching layer which reduced database query load by 40% during peak simulated traffic.

AI-Powered Task Orchestrator | Personal Project

Sep 2025 - Dec 2025

- Developed a Python-based automation tool utilizing OpenAI API to categorize and prioritize 500+ daily developer Jira tickets.
- Achieved a 92% accuracy rate in automated ticket labeling, saving approximately 5 manual hours per week for the triage team.

Work Experience

Software Engineering Intern | TechSol Systems

Jun 2025 - Aug 2025

- Optimized backend API endpoints for the client facing dashboard, resulting in a 25% reduction in average page load time.
- Authored 50+ unit and integration tests using JUnit and Mockito, increasing code coverage from 65% to 88% for core modules.
- Collaborated with the DevOps team to migrate legacy on-premise services to AWS EC2, reducing monthly infrastructure costs by 12%.

Education

Master of Computer Applications | Delhi Technological University

Aug 2024 - May 2027 (Expected)

- Current CGPA: 9.4/10.0; Recipient of the Academic Excellence Scholarship (2024).
- Core Coursework: Advanced Algorithms, Cloud Computing, Machine Learning, Operating Systems.

Bachelor of Computer Applications | GGSIP University

Aug 2021 - Jul 2024

- Final Percentage: 88%; Graduated in the Top 5% of the class.
- Led the University Tech Club, organizing 3 hackathons with 200+ participants.

Certifications & Achievements

- AWS Certified Cloud Practitioner, Amazon Web Services (2025)
- Oracle Certified Associate, Java SE 8 Programmer (2024)
- 1st Place Winner, National Inter-College Coding Challenge (2025)
- Certified Professional in Python Programming (PCPP1), Python Institute (2024)
